

**REMARKS/ARGUMENTS**

Applicant respectfully requests reconsideration of this application as amended.

Applicant has amended the claims to more particularly point out the invention. No new matter has been added.

**Claims 1-24 Rejection – 35 USC § 102(e) - Schoelhorn**

Applicant has amended all independent claims (1, 14, and 22) to more particularly point out and distinctly claim the subject matter the Applicant regards as the invention.

The Office Action (page 2, paragraph 3) asserts that Schoelhorn et al. anticipates all of Applicant's claims.

Schoelhorn et al., does not disclose an attached nozzle, therefore, as amended Applicant submits that all claims are not anticipated by Schoelhorn et al., and respectfully request removal of this rejection for all claims and allowance of all claims.

CONCLUSION

Applicant submits that any claim not directly discussed is addressed via the independent claim discussion on which it is dependent.

Applicant respectfully submits that all claims are in condition for allowance, and request allowance of all claims.

The Examiner is invited to call Alan Heimlich at 408 253-3860 if there remains any issue with allowance. Cleartext email communication is authorized.

Respectfully submitted,
